   |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |  |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      | |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      | |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |   |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      | |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |   |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      | |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |   |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |  |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      | |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |  |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |   |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |    |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |    |      |    |      |    |      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |          |             |    |      |   |      |    |      |   |      |    |      |   |      |    |      |   |      |
